## About the Arizona Public Library Statistics

This annual collection of Arizona Public Library Statistics gathered from the public and tribal libraries of the state is one of many resources provided by the **Library Development Branch** of the Arizona State Library to empower local libraries.

At the time of this report's publication in November 2020, the world is focused on COVID-19 and its effects. The contents of this report, however, reflect a time period prior to the pandemic: July 1, 2018 – June 30, 2019. The gap between the reporting period and the report's publication is due in part to the time required for data collection and vetting by the State Library and the Institute of Museum and Library Services. Despite this gap, the statistics from every year are helpful to create a snapshot in time of Arizona's public and tribal libraries as part of a panorama of how libraries are evolving continuously to meet the needs of their communities.

The goal is that this data with a brief analysis and summary will assist libraries to:

- Analyze community needs.
- Plan services.
- Use data to inform strategic planning, budgets, and grant applications.
- Provide data to policymakers.
- Track data over time.
- Compare local data to that from other libraries serving similar populations.

Complete Arizona Public Library Statistics are online at <https://azlibrary.gov/libdev/programs-services-and-tools/arizona-public-library-statistics>.

We hope you will find this data useful. If you have questions, comments or need assistance in using the statistics, please contact:

## Arizona Public Libraries: Looking at the Numbers (2019)

**45.1 MILLION**

Libraries in Arizona saw a lot of use in 2019 with customers checking out over 35.1 million books, DVDs, and music CDs, as well as almost 10.0 million electronic items. That works out to 6.3 checkouts for each person in the state.

**23.1 MILLION**

Arizona libraries were a popular destination last year with almost 23.1 million visits. That's about 444,582 visits per week, more than Walt Disney World's Magic Kingdom.

**9.1 MILLION**

Looking for something to do? Arizona libraries have a combined 9.1 million books, movies, and music CDs for you to check out.

**11.3 MILLION**

Libraries are an important wireless access point for their communities. In 2019, Arizona libraries logged almost 11.3 million Wi-Fi sessions.

**1.6 MILLION**

Libraries are more than just books, music, and movies. Last year library programs saw attendance at over 1.6 million for almost 100,000 programs.

## **Observations and Trends**

### **From the 2018-2019 Arizona Public Library Data Survey**

This report includes information on Arizona's public and tribal libraries and reflects the FY2019 reporting period (July 1, 2018 – June 30, 2019).

Almost every municipality in Arizona has a public library, as do many unincorporated areas. At the close of the reporting period, this includes 90 administrative entities, which in turn operate 225 library buildings and 10 bookmobiles. Changes to these numbers since the previous fiscal year include the closure of the Cochise County Library District's self-named bookmobile and closure of the Pima County Public Library's Geasa-Marana Branch Library. In addition, the Mohave County Library District's Books by Mail service, which was previously reported as its own branch, has been merged with the numbers reported for its Bullhead City Branch Library.

The previous year's report noted the temporary closure of two libraries: the McNary Community Library, which had been burned down in June of 2017, and the Burton Barr Central Library, which was closed in July of 2017 due to flooding. Since then, the McNary Community Library has been rebuilt but was not opened in time to collect data for this reporting period. The Burton Barr Central Library, however, did open just before the start of the reporting period and is subsequently included.

The following brief observations are divided into sections on budget, staffing, collections, service measures and programs. The remaining bulk of this report consists of statistical tables and definitions.

#### **Budget**

Libraries in Arizona have seen a gradual increase in operating revenue over the past several years, with expenditures showing a somewhat similar trend. This year, revenue increased by approximately \$8.5 million, up to around \$207 million in total, with the bulk of funds continuing to be supported by local government (almost exactly 95%). State revenue increased by just over 12%, with contributions from State Grants In Aid (SGIA) continuing to be level. And finally, federal funding increased by almost 21%.

Operating expenditures increased by around \$6.1 million to a total just under \$195 million, with the percentage spent between staff, collection, and "other" remaining nearly identical to the previous year. The most significant change was with electronic materials, which saw a 12% year-to-year increase in spending. Almost a quarter of that was specifically for e-content. Most of the remaining increase went to staffing, which went up by approximately \$4.5 million.

Major capital expenditures for the reporting period includes the rebuilding of the McNary Community Library (funded in part by a State Grants In Aid Construction award); remodeling of the Yavapai County Library District's Mayer and Seligman branches; and a complete renovation – including a new roof – for the Willow Room of the Peoria Public Library in order to be ADA compliant.

#### **Staffing**

Full-time equivalents (FTE) for all staffing categories increased from the previous year. The largest increase is for staff who are not categorized as "librarian," which went up by about 3.7%. The second largest is the FTE for librarians with a Master's in Library Science (MLS), which went up by about 2.7%. Overall, librarians with or without an MLS make up approximately 28% of total staff FTE.

#### **Collections**

Total physical print collections dropped slightly from the previous year, although spending for them increased by nearly the exact same percentage (2.7%). The most likely cause of this discrepancy is an increase in weeding collections. Physical audio collections in turn saw almost no change, while physical video collections

increased by over 6%. In comparison, electronic collections went up almost 15%, fueled by increases of approximately 1 million titles for both e-books and e-audio (audiobooks and digital music).

## **Service Measures**

While circulation of physical materials in Arizona libraries has had minimal change from the previous year with over 35 million checkouts, electronic materials circulation has seen another drastic increase. In FY2018 the increase was reported to be 10% over the previous year, and in FY2019 the increase has shot up by another 18%. Part of this is due to the increase in expenditures reported above for electronic materials, however, it is also a likely reflection of the continually growing desire for e-content.

Library visitations have remained largely the same at around 23 million, as has the number of registered borrowers, which is reported to be close to 3.2 million. The services being utilized, however, appear to be shifting in regards to technology. Both the number and uses of public Internet computers have decreased by over 4%, however, the number of wireless sessions has increased by 13.8%. This increase is despite that fact that almost half of Arizona libraries still do not report wireless numbers. It is also worth noting that almost 24% of Arizona outlets report that they now circulate electronic devices for use by the public.

## **Programs**

The number of library programs continues to rise, increasing by 3.5% in this reporting period. That growth is due almost entirely to children's programming, which grew by almost 8%. In contrast, the number of adult programs increased by just under 3%, and the number of young adult programs decreased by almost 12%. Attendance decreased in all three age categories – just under 1% for children and adult programs, and over 21% for young adult programs.

## **Cautions and Considerations**

For the purposes of this report, we calculate both "core population" and the population of the "legal service area." The "core population" excludes municipalities that may be within a county library district but operate their own libraries; reservation populations if the library district has no branches on the reservation; and prison populations. Statewide per capita numbers are calculated using the total state population.

The Institute of Museum and Library Services is expected to release a national report on FY2019 in 2021. The information presented in this report, and the information presented in that future IMLS report, may have some minor differences. If a participating library indicates that they provide a service/collection but doesn't have the information to respond to the data, IMLS imputes that data at the unit level. The imputed number is included in statewide totals and per capita number. For the purposes of this report, no imputed data has been included. If a library did not provide a response to a measure, a zero was calculated into the state total – which decreases the statewide total and creates a lower per capita number.

## Historical Background and Finding Previous Data Sets

The Arizona State Library has been collecting public library statistics since at least 1966. The State Library joined with other state libraries in the U.S. beginning in 1989 to collect data at the national level. The national survey was administered by the National Center for Education Statistics, with the partnership of the National Commission on Libraries and Information Science, through 2007, and by the Institute of Museum and Library Services since then.

The survey includes both questions required by the federal survey, and Arizona-only questions that help Arizonans better understand how their libraries serve their communities.

Information from previous collections can be found in several places:

Copies of the Arizona reports are available through the State of Arizona Research Library; a number of the reports have been digitized and are available on the Arizona Memory Project, <http://azmemory.azlibrary.gov/digital>.

## Appendix A

### About the Arizona State Library, Archives and Public Records

The Arizona State Library, Archives and Public Records, a division of the Secretary of State, is committed to providing Arizonans access to information about their government, their state, and their world by offering content in a variety of formats, preserving Arizona's history for future generations, and empowering local institutions to engage their communities in learning. We value accessibility, preservation, customer service, community engagement, and collaboration.

With support from federal and state funding, services are provided to Arizona residents through seven branches:

- **Archives** collects, preserves, and makes available to the public and all branches of government, permanent public records, historical manuscripts, photographs and other materials that contribute to the understanding of Arizona history.
- **Arizona Capitol Museum** uses a balance of technology, hands-on activities, historical artifacts, and public programs to help visitors learn about cultural, political, and social history.
- **Arizona Talking Book Library** continues the love of reading and access to library resources for visually and physically disabled Arizonans by providing books, magazines, and other library resources in alternate format at no cost to eligible users.
- **E-rate** helps libraries obtain affordable bandwidth to access digital resources.
- **Library Development** empowers Arizona libraries to offer excellent customer service through consulting, grant funding, resources, and training.
- **Records Management** administers the management of public records throughout state and local government in Arizona.
- **State of Arizona Research Library** connects Arizonans and people around the world to unique Arizona materials, including books, newspapers, periodicals, and maps available in print and online in the Digital Arizona Library.

The Arizona State Library, Archives and Public Records (LAPR) participates in a national public library data collection system known as the Public Library Survey (PLS). The purpose of this system is to ensure the collection of comparable data in all states. The data is used for planning, research, evaluation, and policymaking decisions by federal, state, and local officials, professional associates, researchers, educators, local practitioners, and other interested users.

Please complete one report for your library or library system. The first nine sections ask administrative entity (single-entity library or library system) questions about legal structure, staffing, revenue, expenditures, and electronic access. Then, sections 10 through 13 ask for outlet (building or bookmobile) information on library materials, circulation, services, and connectivity. County Librarians: please complete a report for the library district office.

Definitions are important to ensure comparability of data from different libraries and states. For the most part, these definitions have been agreed to on a national basis. It is critical that you read and respond according to the definitions.

Reporting libraries will be unable to submit their report so long as any field is left blank. You should enter "0" if the appropriate entry for an item is zero or "none." Enter zero if you do not have this item, or do not spend money on this budgeted item. If you do not know the answer, or do not collect this data, check -1 (negative one). Educated estimates are important if exact data is not available. Indicate that your figure is an estimate by entering a federal note (click on the pen and pad icon to the left of the data entry field).

Items that ask for dollar amounts must be rounded to the nearest whole dollar. However, items such as FTE staff and hours of service may be reported with up to two decimal places.

**Note 1:** Definitions for each data element can also be found in the online portal, LibPAS, by clicking on the respective question number.

**Note 2:** An \* indicates that the question is part of the national survey, and the data is reported to the Institute of Museum and Library Services for inclusion in the national data set. Questions without an \* are Arizona-only.

## Section 1: Library and Contact Information

### 1.1 FSCS ID \*

This is a pre-assigned number by IMLS. This should be pre-filled in your report.

### 1.2 LIB ID \*

This is a pre-assigned identifier by LAPR. This should be pre-filled in your report.

### 1.3 Name \*

This is the legal name of the administrative entity.

Note: Provide the name of the public library. Do not use acronyms. Do not abbreviate the name unless it exceeds the field length of 60 characters. Avoid abbreviations at the beginning of the name and do not punctuate abbreviations.

### 1.4 Street Address \*

This is the complete street address of the administrative entity.

Note: Do not report a post office box or general delivery.

### 1.5 City (of street address) \*

This is the city or town in which the administrative entity is located.

### 1.6 ZIP Code (of street address) \*

This is the standard five-digit postal ZIP code for the street address of the administrative entity.

### 1.7 Mailing Address \*

This is the mailing address of the administrative entity.

### 1.8 City (of mailing address) \*

This is the city or town of the mailing address for the administrative entity.

### 1.9 ZIP Code (of mailing address) \*

This is the standard five-digit postal ZIP code for the mailing address of the administrative entity.

### 1.10 County of the Entity \*

This is the county in which the headquarters of the administrative entity is physically located.

### 1.11 Phone (of library) \*

This is the main telephone number of the entity, including area code.

Note: Report telephone number without spacing or punctuation. If the entity has no phone, please check “-3” (for Not Applicable).

### 1.12 Extension (if applicable)

This is the extension for the main library number, if needed.	
<b>1.13</b>	Web Address
This is the URL for the Administrative Entity's homepage.	
<b>1.14</b>	Library Director/Manager
This is the name for the current library director or manager.	
<b>1.15</b>	Email Address (of director/manager)
This is the email address for the current library director or manager.	
<b>1.16</b>	Survey Contact
This is the person filling out the public library statistics online report.	
<b>1.17</b>	Phone (of survey contact)
This is the phone number for the person filling out the online report.	
<b>1.18</b>	Extension (if applicable)
This is the extension for the above-mentioned phone number, if needed.	
<b>1.19</b>	Email Address (of survey contact)
This is the email address for the person filling out the online report.	

## Section 2: Library Classification and Structure

### 2.1 Interlibrary Relationship Code \*

Select one of the following:

- **HQ – Headquarters of a Federation or Cooperative.** The library or entity that provides the physical space and staff who manage, coordinate, or administer the programs of the federation or cooperative.  
Note: Agencies that serve other libraries rather than the public should not be reported to FSCS.
- **ME – Member of a Federation or Cooperative.** An autonomous library joined by formal or informal agreement(s) with (a) other autonomous libraries in the same state to perform various services cooperatively, such as resource sharing, communications, etc., and (b) libraries that are part of national, multi-state or statewide library federations or cooperatives. (Do not include OCLC.) Do not include multiple-outlet administrative entities (e.g., libraries with branches and that have the word “system” in their legal name) if the entity does not have an agreement with another autonomous library.
- **NO – Not a member of a Federation or Cooperative.**

### 2.2 Legal Basis Code \*

The legal basis is the type of local government structure within which the entity functions. It reflects the state or local law, which authorizes the library. Select one of the following:

- **CC – City/County.** A multi-jurisdictional entity that is operated jointly by a county and a city.
- **CI – Municipal Government (city, town or village).** A municipal government is an organized local government authorized in a state’s constitution and statutes and established to provide general government for a specific concentration of population in a defined area.
- **CO – County/Parish.** An organized local government authorized in a state’s constitution and statutes and established to provide general government.
- **LD – Library District.** A library district is a local entity other than a county, municipality, township, or school district that is authorized by state law to establish and operate a public library as defined by FSCS. It has sufficient administrative and fiscal autonomy to qualify as a separate government. Fiscal autonomy requires support from local taxation dedicated to library purposes (e.g., a library tax).
- **MJ – Multi-jurisdictional.** An entity operated jointly by two or more units of local government under an intergovernmental agreement which a jointly appointed board or similar means of joint governance; to be distinguished from a library which contracts to serve other jurisdictions and from special library districts. Note: Please put city/county combinations under ‘CC’, rather than under Multi-jurisdictional.
- **NL – Native American Tribal Government.** An organized local government authorized and established to provide general government to residents of a Native American reservation.
- **NP – Non-profit Association or Agency.** An entity privately controlled but meeting the statutory definition of a public library in a given state; includes association libraries and libraries with 501(c) designation.
- **SD – School District.** An organized local entity providing public elementary, secondary, and/or higher education which, under state law, has sufficient administrative and fiscal autonomy to qualify as a separate government.

Excludes “dependent public school systems” of county, municipal, township, or state governments.

- OT – Other.

## 2.3 Administrative Structure Code \*

This code identifies an autonomous library entity (administrative entity) that has its own governance and funding.

An administrative entity is the agency that is legally established under local or state law to provide public library service to the population of a local jurisdiction. The administrative entity may have a single outlet, or it may have more than one outlet.

Select one of the following:

- MA – Administrative Entity with Multiple Direct Service Outlets where Administrative Offices are Separate. An administrative entity that serves the public directly with two or more service outlets, including some combination of one central library, branch(es), bookmobile(s), and/or books-by-mail only. The administrative offices are separate from the direct service outlets and do not provide direct library services.
- MO – Administrative Entity with Multiple Direct Service Outlets where Administrative Offices are Not Separate. An administrative entity that serves the public directly with two or more service outlets, including some combination of one central library, branch(es), bookmobile(s), and/or books-by-mail only.
- SO – Administrative Entity with a Single Direct Service Outlet. An administrative entity that serves the public directly with one central library, books-by-mail only, or one bookmobile.

## 2.4 FSCS Public Library Definition \*

Answer <Y>es or <N>o to the following question: “Does this public library meet all the criteria of the FSCS public library definition?”

A public library is an entity that is established under state enabling laws or regulations to serve a community, district, or region, and that provides at least the following:

- ✓ An organized collection of printed or other library materials, or a combination thereof;
- ✓ Paid staff;
- ✓ An established schedule in which services of the staff are available to the public;
- ✓ The facilities necessary to support such a collection, staff, and schedule; and
- ✓ Is supported in whole or in part with public funds.

Note: If the library meets all the requirements of this definition, respond with a <Y>es. If the library does not meet one or more of the requirements, respond with a <N>o.

## 2.5 Geographic Code \*

The State Library selects the geographic code from among the following Census supplied options:

- CI1 – Municipal Government (city, town or village) (exactly)
- CI2 – Municipal Government (city, town or village) (most nearly)
- CO1 – County/Parish (exactly)
- CO2 – County/Parish (most nearly)
- MA1 – Metropolitan Area (exactly)
- MA2 – Metropolitan Area (most nearly)
- MC1 – Multi-County (exactly)

- MC2 – Multi-County (most nearly)
- SD1 – School District (exactly)
- SD2 – School District (most nearly)
- OTH – Other

## 2.6 Legal Service Area Boundary Change \*

Answer <Y>es or <N>o to the following question: “Did the administrative entity’s legal service area boundaries change since last year?”

Note: Changes are likely to result, for example, when a municipality annexes land, when one municipality in a county becomes either an independent city or its own county necessitating its exclusion from the first county’s geography, or when an administrative entity contracts to provide public library service for some additional geographic area other than the geographic area for which it was established (e.g., a municipal library contracts to serve county residents).

## 2.7 Population of the Legal Service Area \*

The number of people in the geographic area for which a public library has been established to offer services and from which (or on behalf of which) the library derives revenue, plus any areas served under contract for which the library is the primary service provider.

Note: The determination of this population figure is the responsibility of the state library agency.

## 2.8 Population of the Core Service Area

The population of the legal service area less tribal reservation populations, prison populations, and geographic areas for which the population is already served by another library.

Note: The determination of this population figure is the responsibility of the state library agency.

## 2.9 Number of Central Libraries \*

This is one type of single outlet library (SO) or the library, which is the operational center of a multiple-outlet library (MO or MA). Usually all processing is centralized here, and the principal collections are housed here. This is synonymous with main library.

Note: Each administrative entity may report either no central library or one central library. No administrative entity may report more than one central library. In the administrative entity file, this simply means reporting “0” or “1” for central library. Where two or more libraries are considered “centrals” for state or local purposes, one central library and one or more branch libraries should be reported to FSCS. If you wish to identify a central library in the outlet file, identify the library with the largest collection as the central library for FSCS purposes, and report all others as branches. Where there are several co-equal outlets and no principal collection, report all such outlets as branches, not central libraries.

## 2.10 Number of Branch Libraries \*

A branch library is an auxiliary unit of an administrative entity which has at least all of the following:

- ✓ Separate quarters;
- ✓ An organized collection of library materials;
- ✓ Paid staff; and
- ✓ Regularly scheduled hours for being open to the public.

## 2.11 Number of Bookmobiles \*

A bookmobile is a traveling branch library. It consists of at least all of the following:

- ✓ A truck or van that carries an organized collection of library materials;
- ✓ Paid staff; and
- ✓ Regularly scheduled hours (bookmobile stops) for being open to the public.

### Section 3: General Information

#### 3.1 Have you purged your files within the last three years?

Please indicate whether your files have been purged within the last three (3) years.

#### 3.2 Number of Registered Users \*

A registered user is a library user who has applied for and received an identification number or card from the public library that has established conditions under which the user may borrow library materials or gain access to other library resources.

Report figure as of the last day of the fiscal year.

#### 3.3 Number of Registered Users (ages 0-11)

Report the number of registered users ages 0-11. Report figure as of the last day of the fiscal year.

#### 3.4 Interlibrary Loans Provided \*

These are library materials, or copies of the materials, provided by one autonomous library to another upon request. The libraries involved in interlibrary loans are not under the same library administration.

#### 3.5 Interlibrary Loans Received \*

These are library materials, or copies of the materials, received by one autonomous library from another upon request. The libraries involved in interlibrary loans are not under the same library administration.

#### 3.6 Is the library eligible to receive LSTA funds?

Please indicate whether your library is eligible to receive LSTA funds, regardless of whether your library applies for LSTA. Review the current LSTA policy, available at <http://www.azlibrary.gov/libdev/funding/lsta>.

#### 3.7 Is the library compliant with ARS 34-501 and ARS 34-502, Restricting Access to Harmful Materials on the Internet?

Please indicate whether your library is compliant with Arizona's law on computer access by minors. See the Arizona Revised Statutes for more details: <https://www.azleg.gov/arsDetail/?title=34>.

#### 3.8 Does anyone on your library staff use the data generated by this statewide survey?

Please indicate whether any library staff use the data generated by our annual survey.

### Section 4: Paid Staff (Full-Time Equivalent) and Volunteers

Report the total number of budgeted full-time equivalent positions for each category. To ensure comparable data, 40 hours per week has been set as the measure of full-time employment (FTE). To calculate this number, add the average number of hours worked by each person per week and divide by 40. For example, if you have three people who work 40 hours, 30 hours, and 19 hours, you would total these numbers (40 + 30 + 19) and divide by 40. You would report 2.25 FTEs.

Report figures as of the last day of the fiscal year. Include all positions funded in the library's budget whether those positions are filled or not.

#### 4.1 ALA-MLS Librarians \*

These are librarians with master's degrees from programs of library and information studies accredited by the American Library Association.

#### 4.2 Total Librarians (including ALA-MLS) \*

This is the total number of persons with the title of librarian who does paid work that usually requires professional training and skill in the theoretical or scientific aspects of library work, or both, as distinct from its mechanical or clerical aspect. This data also includes ALA-MLS.

#### 4.3 All Other Paid Staff \*

This includes all other FTE employees paid from the reporting unit budget, including plant operations, security, and maintenance staff.

#### 4.4 Total Paid Employees \*

This is the calculated total of all paid staff including those with or without the title of librarian or a master's degree.

#### 4.5 Entry Level Professional Salary

Figure listed is the annual salary (not a salary range) for the reporting fiscal year.

#### 4.6 Library Director/Manager Salary

Figure listed is the annual salary (not a salary range) for the reporting fiscal year.

#### 4.7 Number of Volunteers

Please list the number of unique volunteers that helped your library last year.

#### 4.8 Volunteer Hours

Please list the number of hours the volunteers listed above worked for your library last year.

## Section 5: Library Revenue

Report revenue used for operating expenditures as defined below. Include federal, state, local, or other grants. DO NOT include revenue for major capital expenditures, contributions to endowments, revenue passed through to another agency (e.g., fines), or funds unspent in the previous fiscal year (e.g., carryover). (Funds transferred from one public library to another public library should be reported by only one of the public libraries. The State Data Coordinator shall determine which library reports these funds: In Arizona, the funds should be reported by the entity using the funds to provide direct public service.)

### 5.1 Local Government Revenue (City/Tribal)

This includes all local government funds designated by the community, district, or region and available for expenditure by the public library. Do not include the value of any contributed or in-kind services or the value of any gifts and donations, library fines, fees, or grants.

Do not include state, federal, and other funds passed through local government for library use. Report these funds with state government revenue or federal government revenue, as appropriate.

### 5.2 Local Government Revenue (County/District)

This includes all local government funds designated by the community, district, or region and available for expenditure by the public library. Do not include the value of any contributed or in-kind services or the value of any gifts and donations, library fines, fees, or grants.

Do not include state, federal, and other funds passed through local government for library use. Report these funds with state government revenue or federal government revenue, as appropriate.

### 5.3 Total Local Government Revenue \*

This is the calculated value of all local government revenue.

### 5.4 State Government Revenue (including State Grants-In-Aid) \*

These are all funds distributed to public libraries by state government for expenditure by the public libraries, except for federal monies distributed by the state, such as LSCA/LSTA funds. Do NOT include SGIA CONSTRUCTION GRANTS. Report that money in State Government Capital Revenue. This also includes funds from such sources as penal fines, license fees, and mineral rights.

Note: If operating revenue from consolidated taxes is the result of state legislation, the revenue should be reported under state revenue (even though the revenue may be from multiple sources).

### 5.5 Federal Government Revenue (LSTA)

All funds from LSTA distributed to public libraries for expenditure by the public libraries.

### 5.6 Other Federal Government Revenue

All revenue from the federal government distributed to public libraries for expenditure by the public libraries, including federal money distributed by the state, except LSTA funds. Include E-rate reimbursements as income only if the funds go into the library's budget.

### 5.7 Source of Other Federal Government Revenue

List the source of the federal government revenue.

<b>5.8</b>	<b>Total Federal Government Revenue *</b>
This is the calculated total of all federal government revenue.	
<b>5.9</b>	<b>Other Operating Revenue *</b>
This is all operating revenue other than that reported under local, state, and federal. Include, for example, monetary gifts and donations received in the current year, interest, library fines, fees for library services, or grants. Do not include the value of any contributed or in-kind services or the value of any non-monetary gifts and donations.	
<b>5.10</b>	<b>Total Revenue *</b>
This is the calculated total of all revenue listed above.	

## Section 6: Library Expenditures

### OPERATING EXPENDITURES

Operating expenditures are the current and recurrent costs necessary to support the provision of library services. Significant costs especially benefit and salaries, that are paid by other taxing agencies (government agencies with the authority to levy taxes) "on behalf of" the library may be included if the information is available to the reporting agency. Only such funds that are supported by expenditure documents (such as invoices, contracts, payroll records, etc.) at the point of disbursement should be included. Do not report the value of free items as expenditures. Do not report estimated costs as expenditures. Do not report capital expenditures under this category.

### COLLECTION EXPENDITURES

This includes all operating expenditures from the library budget for all materials in print, microform, electronic, and other formats considered part of the collection, whether purchased, leased, or licensed. Exclude charges or fees for interlibrary loans and expenditures for document delivery.

#### 6.1 Salaries & Wages Expenditures \*

This includes salaries and wages for all library staff (including plant operations, security, and maintenance staff) for the fiscal year. Include salaries and wages before deductions but exclude employee benefits.

#### 6.2 Employee Benefits Expenditures \*

These are the benefits outside of salaries and wages paid and accruing to employees (including plant operations, security, and maintenance staff), regardless of whether the benefits or equivalent cash options are available to all employees. Include amounts for direct paid employee benefits including Social Security, retirement, medical insurance, life insurance, guaranteed disability income protection, unemployment compensation, workman's compensation, tuition, and housing benefits.

#### 6.3 Total Staff Expenditures \*

This is the calculated total of the above staff expenditures.

#### 6.4 Print Materials Expenditures \*

Report all operating expenditures for the following print materials: books, serial back-files, current serial subscriptions, government documents, and any other print acquisitions.

#### 6.5 Electronic Materials Expenditures (E-Content)

See the note below on operating expenditures for electronic (digital) materials.

#### 6.6 Other Electronic Materials Expenditures

See the note below on operating expenditures for electronic (digital) materials.

#### 6.7 Total Electronic Materials Expenditures \*

This is the total for electronic collection expenditures.

For questions 6.5 and 6.6 above report all operating expenditures for electronic (digital) materials. Types of electronic materials include e-books, audio and video downloadables, e-serials (including journals), government documents, databases (including locally mounted, full text or not), electronic files, reference tools, scores, maps, or pictures in

electronic or digital format, including materials digitized by the library. Electronic materials can be distributed on magnetic tape, diskettes, computer software, CD-ROM, or other portable digital carrier, and can be accessed via a computer, via access to the internet, or by using an e-book reader. Include expenditures for materials held locally and for remote electronic materials for which permanent or temporary access rights have been acquired. Include expenditures for database licenses. [Note: Based on ISO 2789 definition.]

Note: Expenditures for computer software used to support library operations or to link to external networks, including the Internet, are reported under Other Operating Expenditures.

**6.8 Other Materials Expenditures \***

Report all operating expenditures for other materials, such as microform, audio and video physical units, DVD, and materials in new formats.

**6.9 Total Collection Expenditures \***

This is the calculated total of all collection expenditures.

**6.10 Other Operating Expenditures \***

Include all expenditures other than those given previously.

Note: Include expenses such as binding, supplies, repair, or replacement of existing furnishings and equipment; and costs of computer hardware and software used to support library operations or to link to external networks, including the Internet. Report contracts for services, such as costs of operating and maintaining physical facilities, and fees paid to a consultant, auditor, architect, attorney, etc.

**6.11 Total Expenditures \***

This is the calculated value for all library expenditures.

## Section 7: Capital Revenue and Expenditures

Report all revenue to be used for major capital expenditures, by source of revenue. Include funds received for (a) site acquisitions; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial collections (print, non-print, and electronic) for new buildings, building additions, or building renovations; (e) computer hardware and software used to support library operations, to link to networks, or to run information products; (f) new vehicles; and (g) other one-time major projects. Exclude revenue to be used for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation. Exclude contributions to endowments, income passed through to another agency (e.g., fines), or funds unspent in the previous fiscal year (e.g., carryover). Funds transferred from one public library to another public library should be reported by only one of the public libraries.

### 7.1 Local Government Capital Revenue \*

Report all governmental funds designed by the community, district, or region and available to the public library for the purpose of major capital expenditures, except for state and/or federal money distributed by the local government.

### 7.2 State Government Capital Revenue \*

Report all funds distributed to public libraries by state government for expenditure by the public libraries for the purpose of major capital expenditures, except for federal money distributed by the state.

### 7.3 Federal Government Capital Revenue \*

Report federal government funds, including federal funds distributed by the state or locality, and grants and aid received by the library for the purposes of major capital expenditures.

### 7.4 Other Capital Revenue \*

Report private (non-governmental funds), including grants received by the library for the purpose of major capital expenditures.

### 7.5 Total Capital Revenue \*

This is the calculated total of all capital revenue listed above.

Note: The amounts reported for total capital revenue and total capital expenditures are not expected to be equal.

### 7.6 Total Capital Expenditures \*

Report major capital expenditures (the acquisition of or additions to fixed assets). Examples include expenditures for (a) site acquisitions; (b) new buildings; (c) additions to or renovation of library buildings; (d) furnishings, equipment, and initial collections (print, non-print, and electronic) for new buildings, building additions, or building renovations; (e) computer hardware and software used to support library operations, to link to networks, or to run information products; (f) new vehicles; and (g) other one-time major projects. Include federal, state, local, or other revenue used for major capital expenditures. Only funds that are supported by expenditure documents (e.g., invoices, contracts, payroll records, etc.) at the point of disbursement should be included. Estimated costs are not included. Exclude expenditures for replacement and repair of existing furnishings and equipment, regular purchase of library materials, and investments for capital appreciation. Exclude contributions to endowments, or revenue passed through to another agency (e.g., fines). Funds transferred from one public library to another public library should be reported by only one of the public libraries.

## Section 8: Electronic Services

### 8.1 ILS Vendor

Enter your ILS vendor, if applicable.

### 8.2 Number of Online Catalog Searches

Total number of searches made to the library's online catalog, either in the library or remotely.

### 8.3 Website Visits

Visits represent the annual number of sessions initiated by all users from inside or outside the library to the library website. The library website consists of all webpages under the library's domain. A website "visit" or "session" occurs when a user connects to the library's website for any length of time or purpose, regardless of the number of pages or elements viewed. Usage of library social media accounts (e.g., Facebook, Twitter, etc.) should not be reported here.

### *ELECTRONIC COLLECTION*

Report the number of licensed databases (including locally mounted or remote, full-text or not) for which temporary or permanent access rights have been acquired through payment by the library (directly or through a cooperative agreement within the state or region), or acquired by formal agreement with the State library.

A database is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts) with a common user interface and software for the retrieval and manipulation of the data. An electronic collection may be organized, curated and electronically shared by the library, or rights may be provided by a third-party vendor. Do not include electronic collections that are provided by third parties and freely linked to on the web.

Electronic Collections do not have a circulation period and may be retained by the patron. Remote access to the collection may or may not require authentication. Unit records may or may not be included in the library's catalog; the library may or may not select individual titles. Include electronic collections that are available online or are locally hosted in the library.

Note: Subscriptions to individual electronic serial titles are reported under Current Serial Subscriptions. Each database is counted individually even if access to several databases is supported through the same vendor interface.

### 8.4 Electronic Collection (Local/Other) \*

This is the total number of databases made available based on the constraints listed above. Please list providers in notes if the information is available.

### 8.5 Electronic Collection (State) \*

This is the number of databases the State Library supplies. This will be entered by the State Library.

### 8.6 Total Electronic Collections \*

This is the sum of Local/Other cooperative agreements, and State electronic collections.

### 8.7 Successful Retrieval of Electronic Information \*

The number of full-content units or descriptive records examined, downloaded, or otherwise supplied to user, from online library resources that require user authentication but do not have a circulation period. Examining documents is defined as having the full text of a digital document or electronic resource downloaded or fully displayed. Some

electronic services do not require downloading as simply viewing documents is normally sufficient for user needs.

Include use both inside and outside the library. Do not include use of the OPAC or website. [based on NISO Standard Z39.7 (2013) #7.7, p. 43]

Note: If this field is pre-populated, the information comes from retrievals provided to LAPR by the vendors. A federal note will accompany this value listing the specific content providers as well as their individual numbers. Feel free to update this information with non-state provided usage.

## Section 9: Downloadable Content

**Units:** Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.

**Note:** For purposes of this survey, units are defined as “units of acquisition or purchase”. The “unit” is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous users.

**Finite simultaneous use:** units of acquisition or purchase are based on the number of simultaneous usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 “unit”; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 “units.” For smaller libraries, if volume data are not available, the number of titles may be counted.

**Unlimited simultaneous use:** units of acquisition or purchase are based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 “units”.

If the content is provided through a consortium, indicate all titles available to the reporting library.

**Downloads:** The total number of downloads for the reporting library.

### 9.1 Is your library part of one or more county or consortia e-resources groups?

The group must include at least two libraries (not branches of the same system) and share the use of commercially purchased e-resources, including e-books and/or databases. Please list consortia in the notes.

List of known e-resources groups:

- Cochise County
- Coconino County
- Greater Phoenix Digital Library
- Little Libraries
- Navajo County
- Pinal County
- Southwest Valley
- Yavapai County

### 9.2 Consortial E-Books - units

E-books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). E-books are loaned to users on portable devices (e-book readers) or by transmitting the contents to the user’s personal computer for a limited time. Include e-books held locally and remote e-books for which permanent or temporary access rights have been acquired. Report the number of electronic units, including duplicates, at the administrative entity level; do not duplicate unit count for each branch. E-books packaged together as a unit (e.g., multiple titles on a single e-book reader) and checked out as a unit are counted as one unit.

List vendor(s) in the notes. You do not need to identify how many units are from each vendor.	
<b>9.3</b>	Consortial E-Books - downloads
This is the total annual circulation. Report the value for each consortial library separately if available. Otherwise, only one consortial member should report the total circulation while all other members mark a -1 (unknown value).	
<b>9.4</b>	E-Books - units
The is the number of non-consortial e-book units.	
<b>9.5</b>	E-books - downloads
This is the total annual circulation for non-consortial e-books.	
<b>9.6</b>	Total E-Books – units *
This is the calculated value for questions 9.2 and 9.4.	
<b>9.7</b>	Total E-Books – downloads *
This is the calculated value for questions 9.3 and 9.5.	
<b>9.8</b>	Consortial Audio Books & Music - units
<p>These are downloadable electronic files on which sounds (only) are stored (recorded) and that can be reproduced (played back) electronically. Audio units may be loaned to users on portable devices or by transmitting the contents to the user's personal computer for a limited time. Include audio units held locally and remote audio units for which permanent or temporary access rights have been acquired.</p> <p>List vendor(s) in the notes. You do not need to identify how many units are from each vendor.</p>	
<b>9.9</b>	Consortial Audio Books & Music - downloads
This is the total annual circulation. Report the value for each consortial library separately if available. Otherwise, only one consortial member should report the total circulation while all other members mark a -1 (unknown value).	
<b>9.10</b>	Audio Books & Music - units
The is the number of non-consortial units for audio books and music.	
<b>9.11</b>	Audio Books & Music - downloads
This is the total annual circulation for non-consortial audio and music.	
<b>9.12</b>	Total Audio Books & Music – units *
This is the calculated value for questions 9.8 and 9.10.	
<b>9.13</b>	Total Audio Books & Music – downloads *
This is the calculated value for questions 9.9 and 9.11.	
<b>9.14</b>	Consortial Video - units

These are downloadable electronic files on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver, computer monitor or video-enabled mobile device. Video units may be loaned to users on portable devices or by transmitting the contents to the user's personal computer for a limited time. Include video units held locally and remote video units for which permanent or temporary access rights have been acquired.

List vendor(s) in the notes. You do not need to identify how many units are from each vendor.

**9.15** Consortial Video - downloads

This is the total annual circulation. Report the value for each consortial library separately if available. Otherwise, only one consortial member should report the total circulation while all other members mark a -1 (unknown value).

**9.16** Video - units

The is the number of non-consortial video units.

**9.17** Video - downloads

This is the total annual circulation for non-consortial videos.

**9.18** Total Video – units \*

This is the calculated value for questions 9.14 and 9.16.

**9.19** Total Video – downloads \*

This is the calculated value for questions 9.15 and 9.17.

## Section 10: Outlet Information

This section asks for outlet (building or bookmobile) information.

If your library is a single outlet (has only one building and no bookmobile), you will complete one outlet record for the library.

If your library has multiple facilities, complete an outlet record for each central, branch, bookmobile and direct mail service. If your library has a separate administrative office that has collections or services to the public, be sure to complete an outlet record for the administrative office. If the administrative office does not have collections or services to the public, you don't need to complete an additional outlet record.

### 10.1 FSCS ID and SEQ \*

This is the identification code assigned by IMLS. Outlets are assigned the same FSCS ID as the administrative entity to which they belong, with a unique three-digit suffix added to distinguish each outlet.

### 10.2 LIB ID \*

This is the state-assigned identification code for the outlet.

### 10.3 Name \*

This is the legal name of the outlet.

Note: Provide the legal name of the outlet. Do not use acronyms. Do not abbreviate the name unless it exceeds the field length of 60 characters. Avoid abbreviations at the beginning of the name and do not punctuate abbreviations.

### 10.4 Phone \*

This is the main telephone number of the outlet, including area code. If the outlet has no phone, check "-3" (for "Not Applicable").

### 10.5 Street Address \*

This is the complete street address of the outlet.

Note: Do not report a post office box or general delivery. For a bookmobile that operates from an administrative entity, branch, or central library, report the address of the administrative entity, branch or central library from which it operates. For a bookmobile that is itself the administrative entity, report the address where the bookmobile is parked at night.

### 10.6 City (of street address) \*

This is the city or town in which the outlet is located.

### 10.7 ZIP Code (of street address) \*

This is the standard five-digit postal ZIP code for the street address of the outlet.

### 10.8 County of the Outlet \*

This is the county in which the outlet is physically located.

**10.9 Outlet Type Code \***

An outlet is a unit of an administrative entity that provides direct public library service. Select one of the following:

- **BM – Books-by-Mail Only.** A direct mail order service which provides books and other library materials. Books-by-mail typically serves rural residents, the disabled, the homebound, and others without access to another type of public library outlet. Requests for materials are usually received by mail and by telephone only. Only books-by-mail services that are housed separately from any other type of direct public service outlet (that is, central library, branches, or bookmobiles) should be coded here.
- **BR – Branch Library.** A branch library is an auxiliary unit of an administrative entity which has:
  - Separate quarters;
  - An organized collection of library materials;
  - Paid staff; and
  - Regularly scheduled hours for being open to the public.
- **BS – Bookmobile(s).** A bookmobile is a traveling branch library. It consists of:
  - A truck or van that carries an organized collection of library materials;
  - A paid staff; and
  - Regularly scheduled hours (bookmobile stops) for being open to the public.

Note: A separate outlet record may be created for each bookmobile. You may wish to create separate outlet records for individual bookmobiles if (1) they have different addresses and/or (2) they have different Metropolitan Status Codes. Alternatively, a bookmobile outlet record may include more than one bookmobile.

- **CE – Central Library.** This is one type of single outlet library (SO) or the library which is the operational center of a multiple-outlet library (MO or MA). Usually all processing is centralized here, and the principal collections are housed here. Synonymous with main library.

Note: Each administrative entity may report either no central library or one central library. No administrative entity may report more than one central library. If you wish to identify a central library in the outlet file, identify the library with the largest collection as the central library for FSCS purposes, and report all others as branches. Where there are several co-equal outlets and no principal collection, report all such outlets as branches, not central libraries.

**10.10 Square Footage of Outlet \***

Provide the area, in square feet, of the public library outlet (central library or branch). Report the total area in square feet for each library outlet separately. This is the area on all floors enclosed by the outer walls of the library outlet. Include all areas occupied by the library outlet, including those areas off-limits to the public. Include any areas shared with another agency or agencies if the outlet has use of that area.

**10.11 Number of Bookmobiles (for this record) \***

The number of bookmobiles in the bookmobile outlet record.

Note: A bookmobile outlet record may include one or more bookmobiles. Complete this data element only if the outlet record is of the type BS – Bookmobile(s).

**10.12 Public Service Hours Per Year \***

This is the number of annual public service hours for outlets (reported individually by central, branch, bookmobile and Books-by-Mail Only).

Note: Include the actual hours open for public service for centrals, branches, and bookmobiles, and Books-by-Mail Only. For each bookmobile, count only the hours during which the bookmobile is open to the public. For administrative entities that offer ONLY books-by-mail service, count the hours that the outlet is staffed for service. Minor variations in public service hours need not be included. Extensive hours closed to the public due to natural disasters or other events should be excluded from the count.

**10.13 Number of Weeks a Library is Open \***

This is the number of weeks during the year that an outlet was open to the public.

Note: Include the number of weeks open for public service for centrals, branches, bookmobiles, and Books-by-Mail Only. For each bookmobile, count only the weeks during which the bookmobile is open to the public. For administrative entities that offer ONLY books-by-mail service, count the weeks that the outlet is staffed for service. The count should be based on the number of weeks that a library outlet was open for half or more of its scheduled service hours. Extensive weeks closed to the public due to natural disasters or other events should be excluded from the count. Do not calculate based on total number of service hours per year at the outlet level. For example, by dividing total hours by 52 (weeks). If the library was open half or more of its scheduled hours in each week, round up to the next week. If the library was open less than half of its scheduled hours, round down.

**10.14 Library Visits Per Year \***

This is the total number of persons entering the library for whatever purpose during the year.

Note: If an actual count of visits is unavailable, determine an annual estimate by counting visits during a typical week in October and multiplying the count by 52. A “typical week” is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or the library. Choose a week in which the library is open its regular hours. Include seven consecutive calendar days, from Sunday through Saturday (or whenever the library is open).

## Section 11: Outlet Collection and Circulation Information

This section of the survey collects data on selected types of materials. It does not cover all materials (i.e., microform, scores, maps, and pictures) for which expenditures are reported elsewhere. Under this category report only items the library has acquired as part of the collection, whether purchased, leased, licensed, or donated as gifts.

### 11.1 Print Materials \*

Report a single figure that includes the following:

Books in print. Books are non-serial printed publications (including music scores or other bound forms of printed music, and maps) that are bound in hard or soft covers, or in loose-leaf format. Do not include unbound sheet music. Include non-serial government documents. Report the number of physical units, including duplicates. For smaller libraries, if volume data are not available, count the number of titles. Books packaged together as a unit (e.g., a 2-volume set) and checked out as a unit are counted as one physical unit.

### 11.2 Audio – physical units \*

These are materials circulated in a fixed, physical format on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically, electronically, or both. Include records, audiocassettes, audio cartridges, audio discs (include audio CD-ROMs), audio-reels, talking books, and other sound recordings stored in a fixed, physical format. Do not include downloadable electronic audio files.

Report the number of units, including duplicates. Items packaged together as a unit (e.g. two audiocassettes for one recorded book) and checked out as a unit are counted as one physical unit.

### 11.3 Video – physical units \*

These are materials circulated in a fixed, physical format on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver or computer monitor. Video formats may include tape, DVD and CD-ROM. Do not include downloadable electronic video files.

Report the number of units, including duplicates. Items packaged together as a unit (e.g. two DVDs for one movie) and checked out as a unit are counted as one physical unit.

### 11.4 Children's Print Materials

This includes all materials for the ages of 0-11, consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that did not require magnification: books, bound periodicals, government documents, Braille material, ephemeral material, and the like. Exclude current serial subscriptions and microforms.

### 11.5 Other Children's Materials

All materials for ages 0-11 in any other format, for example: current serial subscriptions, microforms, machine readable materials, audiovisual materials and all other categories.

### 11.6 Current Serial Subscriptions \*

Current serial subscriptions are arrangements by which, in return for a sum paid in advance, serials are provided for a specific number of issues. Include current serial subscriptions in print, electronic, and digital formats.

Report the number of current serial subscriptions, including duplicates, for all outlets. Examples of serials are periodicals

(magazines), newspapers, annuals, some government documents, some reference tools, and numbered monographic series.

**11.7 Circulation Transactions – physical \***

The total annual circulation of all physical library materials of all types, including renewals.

Note: Count all physical materials in all formats that are charged out for use outside the library. Interlibrary loan transactions included are only items borrowed for users. Do not include items checked out to another library.

**11.8 Circulation of All Children’s Materials \***

This is the total annual circulation of all children’s materials in all formats to all users, including renewals.

**11.9 Circulation of Electronic Devices**

Does the library circulate electronic devices to patrons? Device lending may include laptops, tablets, e-readers, Chromebooks, Wi-Fi hotspots, or audio/video recording equipment.

## Section 12: Outlet Services Information

### LIBRARY PROGRAMS

A program is any planned event which introduces the group attending to any of the broad range of library services or activities or which directly provides information to participants. Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include film showings, lectures, story hours, literacy, English as a second language, citizenship classes, and book discussions.

Count all programs, whether held on or off-site, that are sponsored by or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities.

If programs are offered as a series, count each program in the series. For example, a film series offered once a week for eight weeks should be counted as eight programs.

Note: Exclude library activities delivered on a one-to-one basis, rather than to a group, such as a one-to-one literacy tutoring, services to homebound, resume writing assistance, homework assistance, and mentoring activities.

#### 12.1 Number of Children's Programs \*

This is the number of programs held for children between the ages of 0-11. A children's program is any planned event for which the primary audience is children.

#### 12.2 Number of Young Adult Programs \*

This is the number of programs held for young adults between the ages of 12-18. A young adult program is any planned event for which the primary audience is young adults.

#### 12.3 Number of Adult Programs \*

This is the number of programs held for adults ages 19 and up. An adult program is any planned event for which the primary audience is adults.

#### 12.4 Total Number of Library Programs \*

This is the calculated total for all programs.

#### 12.5 Children's Program Attendance \*

This is the number of people in attendance at programming for young adults ages 0-11.

The count of the audience at all programs for which the primary audience is children 11 years and under. Include adults who attend programs intended primarily for children.

#### 12.6 Young Adult Program Attendance \*

This is the number of people in attendance at programming for young adults ages 12-18.

The count of the audience at all programs for which the primary audience is young adults aged 12 to 18 years. Include adults\* who attend programs intended primarily for young adults.

\*Please count all patrons that attend the young adult programs regardless of age.

<b>12.7</b>	<b>Adult Program Attendance</b>
This is the number of people in attendance at programming for adults ages 19 and up. Include young adults and children who attend the programs intended primarily for adults.	
<b>12.8</b>	<b>Total Attendance at Library Programs *</b>
This is the calculated value for all program attendance.	
<b>12.9</b>	<b>Reference Transactions *</b>
<p>Reference Transactions are information consultations in which library staff recommend, interpret, evaluate, and/or use information resources to help others to meet information needs.</p> <p>A reference transaction includes information and referral service as well as unscheduled individual instruction and assistance in using information sources (including web sites and computer-assisted instruction). Count Readers Advisory questions as reference transactions.</p> <p>Information sources include (a) printed and non-printed material; (b) machine-readable databases (including computer-assisted instruction); (c) the library's own catalogs and other holdings records; (d) other libraries and institutions through communication or referral; and (e) persons both inside and outside the library.</p> <p>When a staff member uses information gained from previous use of information sources to answer a question, the transaction is reported as a reference transaction even if the source is not consulted again.</p> <p>If a contact includes both reference and directional services, it should be reported as one reference transaction. Duration should not be an element in determining whether a transaction is a reference transaction.</p> <p>Note: It is essential that libraries do not include directional transactions in the report of reference transactions. Directional transactions include giving instruction for locating staff, library users, or physical features within the library. Examples of directional transactions include, "Where is the reference librarian? Where is Susan Smith? Where is the rest room? Where are the 600s? Can you help me make a photocopy?"</p> <p>If an annual count of reference transactions is unavailable, count reference transactions during a typical week or weeks, and multiply the count to represent an annual estimate. [If the sample is done four times a year, multiply totals by 13, if done twice a year multiply by 26, if done only annually, multiply by 52.] A "typical week" is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.</p>	
<b>12.10</b>	<b>Does your library offer large print books?</b>
Please indicate whether your library offers a collection of large print books to the public.	
<b>12.11</b>	<b>Does your library provide devices to magnify text or convert text to speech?</b>
Please indicate whether your library offers devices to magnify text, or devices or software to convert text to speech.	

## Section 13: Outlet Connectivity Information

### 13.1 Number of Public Internet Computers \*

Report the number of the library's Internet computers [personal computers (PCs) and laptops], whether purchased, leased, or donated, used by the general public in the library.

### 13.2 Type of Public Internet Connectivity

Please select your library's PRIMARY Internet connectivity:

- Broadband over Powerlines (BPL)
- Digital Subscriber Line (DSL)
- Cable Modem
- Ethernet
- Fiber
- Microwave (Fixed wireless)
- Satellite
- T1 Line
- Wireless Only
- Other (enter as annotation)

### 13.3 Speed of Public Internet Connection

Select your library's connection speed:

- Less than 1.5 Mbps
- 1.6 Mbps – 5.9 Mbps
- 6.0 Mbps – 14.9 Mbps
- 15 Mbps – 24.9 Mbps
- 25 Mbps – 49.9 Mbps
- 50 Mbps – 99.9 Mbps
- 100 Mbps – 499.9 Mbps
- 500 Mbps – 1 Gbps
- Greater than 1 Gbps

### 13.4 Uses (Sessions) of Public Internet Computers \*

Report the total number of uses (sessions) of the library's public Internet computers during the last year. If the computer is used for multiple purposes (Internet access, word-processing, OPAC, etc.) and uses cannot be isolated, report all usage. The number of uses may be counted manually, using registration logs. Count each use for public Internet computers, regardless of the amount of time spent on the computer. A use on the library's public Internet computer(s) three times a year would count as three uses (sessions). If the data element is collected as a weekly figure, multiply that figure by 52 to annualize it. Do NOT include Wi-Fi access using non-library computers.

### 13.5 Number of Staff Internet Computers

Report the number of the Internet computers [personal computers (PCs) and laptops], whether purchased, leased, or donated, used only by library staff.

### 13.6 Type of Staff Internet Connectivity

Please select your library's PRIMARY Internet connectivity for staff:

- Broadband over Powerlines (BPL)
- Digital Subscriber Line (DSL)
- Cable Modem
- Ethernet
- Fiber

<ul style="list-style-type: none"> <li>• Microwave (Fixed wireless)</li> <li>• Satellite</li> <li>• T1 Line</li> <li>• Wireless Only</li> <li>• Other (enter as annotation)</li> </ul>

<b>13.8 Wireless Internet Access</b>
Please indicate whether this outlet offers wireless access to the Internet.
<b>13.9 Public and Staff Wireless</b>
Indicate whether the public wireless sessions provided are separate or in conjunction with staff usage.
<b>13.10 Overall Wireless Availability</b>
Indicate whether wireless access is available to the public 24 hours a day, or whether it is turned-off after normal business hours.
<b>13.11 Wireless Download Speed</b>
<p>Select the connection speed for wireless access:</p> <ul style="list-style-type: none"> <li>• Less than 1.5 Mbps</li> <li>• 1.6 Mbps – 5.9 Mbps</li> <li>• 6.0 Mbps – 14.9 Mbps</li> <li>• 15 Mbps – 24.9 Mbps</li> <li>• 25 Mbps – 49.9 Mbps</li> <li>• 50 Mbps – 99.9 Mbps</li> <li>• 100 Mbps – 499.9 Mbps</li> <li>• 500 Mbps – 1 Gbps</li> <li>• Greater than 1 Gbps</li> </ul>
<b>13.12 Wireless Sessions – Annually *</b>
Report the number of wireless sessions provided by the library wireless service annually.
<b>Section 14: Totals of Outlet Information</b>
These are auto-calculated fields for all outlet data entered. They CANNOT be edited. To change a value, you must go back to the outlet record(s) and correct it there.
